It will be the responsibility of the customer to contact GMSA for permit requirements and upgrade necessity when making changes to BTU load. At any time should GMSA find a discrepancy, customer will be required to upgrade the gas meter at customer's expense or forfeit right to receive natural gas service.

_____ PAYMENT: Applicant/Co-Applicant agrees to pay monthly for utility services rendered by GMSA. Charges for service will be made at the regular established rates for the class of service applicable to the service address. It is the Applicant/Co-Applicants responsibility to review the monthly bills for accuracy and notify the Utility Billing Office of any concerns prior to the payment due date. Service begins the day GMSA sets the meter(s).

_____ DELINQUENCY: Payment for service is due immediately upon billing and shall become delinquent if not received by the due date reflected on billing statement. A late charge of 10% per month of the unpaid balance will be added to delinquent accounts. The applicant agrees to pay reasonable expenses of collection including attorney's fees and court costs should it become necessary to use such measures to collect the charges made to Applicant/Co-Applicant's account.

_____ DISCONNECTION: Delinquent accounts are subject to disconnection of services. Disconnected accounts not reconnected within 30 days from the payment due date are subject to termination.

_____ CREDITS/BALANCE: Credits and/or balances from a closed account are subject to being applied to the current service address account by GMSA, at GMSA's sole discretion.

Services may be terminated if reasonable access is not permitted.

Payments are due the 15th, 25th and 5th of the month, respectively. The failure of any customer to receive a statement for any utility charges shall not excuse the customer from their obligation to pay such charges within the time specified.

_____ EQUIPMENT: Water and gas meters, as well as any automated meter reading devices, are the property of GMSA. It is unlawful for anyone to break, damage, tamper with, or obstruct the flow of or prevent the proper running of the equipment in any manner whatsoever.
